Dear Author(s),

Paper-ID: #226

Paper-Title: Forecasting Agricultural Greenhouse Gas Emissions. Using Multivariate Machine Learning and Medallion Lakehouse Architecture

Congratulations!

Based on the decision of steering committee and recommendations of the Session Chairs, the organizing team is delighted to announce the "Best Paper Award" for your above-referenced paper presented in XIV International Conference on Frontiers of Intelligent Computing: Theory And Applications (FICTA-2026) conducted in hybrid mode during June 08 - 09, 2026, organized by London Metropolitan University, London, United Kingdom with the Springer SIST Series as Publication Partner.

The paper is currently under editorial production process by Springer-Nature for publication in Springer-SIST Series indexed in Scopus.

This merit is attained by only 5% of the total papers presented during the conference. Kindly find attached the Certificate for the 'Best Paper Award'. As a token of appreciation for your achievement, we are also providing you with an opportunity to register and publish in our recent upcoming Springer conferences with a 50% discount on registration fees:

(a) ICMEET-2026 and IC3T-2026 Bali, Indonesia

(Conference Website: <https://icmeet.co.uk/>; <https://ic3t.org/>).

(b) ISDIA-2027, Dubai, UAE (Conference Website: <https://isdia.org/>).

Kindly take a careful note of this Discount Coupon Code [BPA#226@FICTA26] which should be used to avail the above discount in any one of the above mentioned conferences.

Thank you

Best Wishes

Conference Chair
FICTA-2026, London, UK
